The policy outlines the commitment of the staff, pupils and governors of Strike Lane Primary School to ensure that equality of opportunity is available to all members of the school community. For our school this means not simply treating everybody the same but understanding and tackling the different barriers which could lead to unequal outcomes for different groups of pupils in school, whilst celebrating and valuing the achievements and strengths of all members of the school community. These include:

- Pupils
- Staff
- Parents/carers
- The governing body
- Multi-agency staff linked to the school
- Visitors to school
- Students on placement

We believe that equality at our school should permeate all aspects of school life and is the responsibility of every member of the school and wider community. Every member of the school community should feel safe, secure, valued and of equal worth.

At Strike Lane Primary School, equality is a key principle for treating all people fairly and creating a society in which everyone has the opportunity to fulfil their potential - irrespective of their gender, ethnicity, disability, religion or belief, sexual orientation, age or any other recognised area of discrimination.

This policy is freely available on the school website and from the school office on request and should be read in conjunction with our Accessibility Plan.

Our school aims to meet its obligations under the public sector equality duty by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

Having due regard for advancing equality involves:

- Removing or minimising disadvantages suffered by people due to their protected characteristics.
- Taking steps to meet the needs of people from protected groups where these are different from the needs of other people.
- Encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

- Delegate responsibility for monitoring the achievement of the objectives on a daily basis to the headteacher

The equality link governor is Cherry Hibbert (Chair of Governors) They will:

Monitor success in achieving the objectives and report back to governors

All school staff are expected to have regard to this document and to work to achieve the objectives as set out in section 8. All staff will promote an inclusive and collaborative ethos in the school, challenge inappropriate language and behaviour, respond appropriately to incidents of discrimination and harassment, ensure appropriate support for children with additional needs and maintain a good level of awareness of equalities issues

All members of the school community have a responsibility to treat each other with respect, to feel valued, and to speak out if they witness or are subject to any inappropriate language or behaviour

We will take steps to ensure all visitors to the school adhere to our commitment to equality.

5 Eliminating discrimination

At Strike Lane Primary School, we recognise that all members of the school and our wider community are of equal value. The school is aware of its

obligations under the Equality Act 2010 and complies with non-discrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

Staff and governors are regularly reminded of their responsibilities under the Equality Act, for example during meetings. Where this has been discussed during a meeting, it is recorded in the meeting minutes.

New staff receive training on the Equality Act as part of their induction, and all staff receive refresher training every year.

The Headteacher is responsible for monitoring equality issues, aided by our equality link governor. They regularly liaise regarding any issues and make senior leaders and governors aware of these as appropriate.

5. Advancing equality of opportunity

Removing or minimising disadvantages suffered by people which are connected to a particular characteristic they have (e.g. pupils with disabilities, or gay pupils who are being subjected to homophobic bullying)

Taking steps to meet the particular needs of people who have a particular characteristic (e.g. enabling Muslim pupils to pray at prescribed times)

Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of school societies)

In fulfilling this aspect of the duty, the school will:

Collect attainment data each academic year showing how pupils with different characteristics are performing

Analyse the above data to determine strengths and areas for improvement, implement actions in response and publish this information

Make evidence available identifying improvements for specific groups (e.g. declines in incidents of homophobic or transphobic bullying)

Publish further data about any issues associated with particular protected characteristics, identifying any issues which could affect our own pupils

As a school we believe that should treat each other with care, respect and kindness, and that strong positive relationships make a great school. We aim to foster good relations between those who share a protected characteristic and those who do not share it by:

Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) RHE Relationships and Health Education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures

Holding assemblies dealing with relevant issues. Pupils will be encouraged to take a lead in such assemblies, and we will also invite external speakers to contribute

Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community

Encouraging and implementing initiatives to deal with tensions between different groups of pupils within the school. For example, our school council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in the school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures

We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

8 Monitoring Arrangements

Strike Lane Primary School is an inclusive school, working towards greater equality in the whole school community. We use the curriculum and teaching to enhance the self-esteem of all those it serves and to provide a learning environment in which each individual is encouraged to fulfil her or his potential.

We make regular assessments of pupils' learning and use this information to track pupils' progress, as they move through the school. As part of this

process, we regularly monitor the performance of different groups, to ensure that all groups of pupils are making the best possible progress. We use this information to adjust future teaching and learning plans, as necessary.

Resources are available to support groups of pupils where the information suggests that progress is not as good as it should be. The governing body receives regular updates on pupil performance information.

School performance information is compared to national data and local authority data, to ensure that pupils are making appropriate progress when compared to all schools, and to schools in similar circumstances.

As well as monitoring pupil performance information, we also regularly monitor a range of other information. This relates, where applicable to:

- Attendance
- Exclusions and truancy
- Racism, disability discrimination, sexism, homophobia and all forms of bullying
- Parental involvement
- Participation in Extended Learning Opportunities

Our monitoring activities enable us to identify any differences in pupil performance and provide specific support as required, including pastoral support. This allows us to take appropriate action to meet the needs of specific groups in order to make necessary improvements.

Due regard is given to the promotion of equality in the School Improvement Plan. The person responsible for the monitoring and evaluation of the policy and action plan is the Headteacher (supported by the school's Senior Leadership Team).

Their role is to:

- Lead discussions, organise training, update staff in staff meetings, support discussions
- Work with the governing body on matters relating to equality
- Support evaluation activities that moderate the impact and success of this policy

10 Considering Equalities in Decision Making

Our school ensures it has due regard to equality considerations whenever significant decisions are made. We consider equality implications before and at the time that we develop policy and make decisions and continue to review these on a continuing basis.
