#	RESPONSES	DATE
1	I think with the budgets schools are given these days, that Strike Lane do an excellent job of providing a safe, educational space for children. Some people will no doubt mention parking but that is known by parents before choosing Strike Lane and the solutions to that lie in those parents hands not that of the school.	3/26/2024 12:34 PM
2	School needs to be more flexible in regards to parents attending to support their children. It is completely unacceptable to only allow parents 1 afternoon slot to attend performances and allow no flexibility around work or other childcare commitments. Do you think doctor/dental clinics can be arranged to be able to attend an hour performance on the day stipulated by the head? Parents used to be able to attend the school to see class teachers for parents evenings but since covid feels like the head is gate keeping the school to keep parents away unless she decides you can attend on 1 afternoon to see a performance and if you are unable then tough? All children have worked hard and should be allowed the same privilege of a parent of guardian attending a performance. I suggest in future a poll is sent out to ascertain which day is suitable for parents and understanding on situations given by the head to encourage parents being there to support their children.	3/26/2024 9:55 AM
3	None	3/23/2024 10:47 PM
4	Stronger action against children who are poorly behaved and who are disruptive. We hear anecdotal stories from our child about children being violent and aggressive in the classroom, with those same children being welcome to remain in the school.	3/22/2024 4:38 PM
5	Stop congratulating classes on their attendance when they've had no illnesses or out of school appointments. It is unfair. My child has been/is being bullied. Not enough is done to stop this. Many times, Teachers have not been aware of what is happening in the class	3/22/2024 2:16 PM
6	I think there are too many reward schemes in place for the children. I appreciate the idea behind reward schemes and how it encourages and rewards the children for doing well. But half the time my son doesn't know what he's received a dojo for or when he's been given one. We have to look at the app and tell him. I think just the classroom reward scheme is sufficient. The end of term progress and kindness cups are a great idea. I just don't see the benefit of having the dojo scheme when there are already great reward schemes in place	3/22/2024 10:13 AM
7	Whole school staff training in SEND	3/22/2024 8:08 AM
8	Our child is classed as special educational needs, although most years she has had a development plan, I think more could be done to inform/ educate the parents.	3/21/2024 7:52 AM
9	I feel like the school has lost its family/ always welcome feel. Only being allowed to watch a child's performance on a certain day is difficult with my job and only 2 people per child I think is ridiculous. My child has a grandparent that has watched every performance for her older siblings but isn't allowed to attend bow due to both parents attending??? Celebration assembly is also limited and designated seating meaning EX partners HAVE to sit together. The school presumes this is OK yet does not know details of the relationship. Book fair, parents evening etc not done in school anymore? Like I said far from as welcoming as it used to be	3/21/2024 6:31 AM
10	Not everybody is into technology. A simple phone call or proper parents evening face to face would be much better. Technology let's this school down massively	3/21/2024 5:20 AM
11	Share via arbor or email dates of any assessments coming up to help parents discreetly prepare children for such assessments. My child sometimes scores very low on assessments, but we didn't know they were coming up. If we knew we could discreetly help a bit more at home to boost our child's confidence	3/20/2024 7:56 PM
12	Uniform standards. Reminding children when leaving school they are still in uniform representing school. Bare that in mind when choosing to behave a certain way. Better follow	3/20/2024 5:32 PM

Parental Survey March 2024

ups from parents zoom if there are any concerns which are being worked on. Example: child needing some extra work with English.

13	Unsure how behaviour is dealt with as my child has been involved with a couple of incidents that have seemed to reoccur. Unsure whether my child is being challenged to full potential. Would like to see more extra curricular clubs on offer for infants and lower juniors.	3/20/2024 4:24 PM
14	Not really sure! We are quite content with how things are!	3/20/2024 3:16 PM
15	I don't have anything to comment on this as it improves all the time	3/20/2024 2:56 PM
16	Their doing a good job there is nothing to improve	3/20/2024 2:19 PM
17	Don't feel it needs any improvements	3/20/2024 2:13 PM
18	More personal updates on tapestry. I love that it is used regularly however it's more grouped between either the whole class or a few students and I would quite like some more of just my child and his work.	3/20/2024 2:01 PM
19	.	3/20/2024 2:01 PM
20	Returning to face to face parents evenings. I understand the logistics behind 'Zoom' but we would prefer a standard parents evening where we could simply look at the books whilst we wait instead of separating the two. A lot of people struggle to do the book look straight after school and for those people, they could simply look at the books at a later parent's Eve appointment all at the same time. Also face to face is a lot nicer than Zoom. Personal preference of course.	3/20/2024 1:53 PM
21	I don't see the need for homework. My child is 4 the school day is enough learning. I think more of an emphasis on PE and games, gymnastics would be lovely. More flexible provision of wrap around care would be better. I work freelance and cannot give 48 hours notice. The current booking system is not compatible with me continuing to work as a freelance assistant director.	3/20/2024 1:53 PM
22	Be more aware of children getting bullied actually do something about it.	3/20/2024 1:52 PM
23	I would prefer an option of a face to face parent/ teacher meeting rather than online.	3/20/2024 1:52 PM
24	Longer parents evenings - increase to 20minutes to allow for more indepth conversations. More opportunities for parents to be involved in achievement assembly such as a fortnightly/once monthly assembly where parents can attend and celebrate with the child and school if they have achieved something inside or outside of school.	3/20/2024 1:48 PM
25	Although there are a good range of after school activities I would really like to see a school football or netball team, or another team sport where the children could learn to take part and compete with other local schools.	3/20/2024 1:47 PM
26	More information on what they are being taught and where parents can help more	3/20/2024 1:46 PM
27	Personally I would like the school to run more sports teams. There is a distinct lack of teams being run and that only seems to happen when there is a tournament of some description organised	3/20/2024 1:42 PM
28	Further emotional and social development eg: - basics/building blocks of money management skills - benefits and risks of internet/social media and how navigate problems (in addition to parents doing this at home)	3/20/2024 1:39 PM
29	Not much they can do really. Not that I can think of.	3/20/2024 1:36 PM
30	More awards. Definitely seen less opportunities and variety of awards over the last 5 years.	3/20/2024 1:33 PM
31	N/a	3/20/2024 1:31 PM
32	I don't feel like they are pushed enough academically, and I also find communication with parents to be very minimal. For example, I had no idea that assessments were taking place and I haven't been told the results of these. It would be really useful to hear this information more officially. And end of term report would be really, really useful to help us focus them more at home. I'm also not keen on parent/teacher meetings over Teams. It just feels a bit impersonal	3/20/2024 1:29 PM
33	Theres nothing i could say that is needed	3/20/2024 1:27 PM

Parental Survey March 2024

34	Nothing	3/20/2024 1:25 PM
35	Time keeping when gates need to be opened at 310 sometimes I is not openend until 325	3/20/2024 1:22 PM
36	I think the reward structures are a bit confusing. The awarding of Dojos doesn't seem to correlate to behavior and our son doesn't seem to know why he gets them.	3/20/2024 1:20 PM
37	Allow more attendees at childrens performances ie nativity.	3/20/2024 1:20 PM
38	It could just because my child doesn't tell me what options there are to eat at lunch but he only seems to have pizza, pasta or jacket with cheese. Can there be more of a push to get them to eat some vegetables. My son loves vegetables at home so will eat them	12/21/2023 7:53 PM
39	Consistency with homework expectations or have it clearly explained at the beginning of each school year- what is expected and when homework is due. Sometimes random pieces of homework will appear midweek for daughter to complete which isn't ideal. Consistency with the behaviour chart in classroom. Sometimes no warning is given and sometimes it seems children are moved down the chart for unnecessary things instantly compared to others in the class.	12/21/2023 6:03 PM
40	I do not believe all of the more boisterous children are delt with correctly, I have heard of children being restraind and suspended which I do not believe is helpful to children of this age, or good for other children to witness. Afterschool club is expensive, especially if you have more than one child, a cheaper shorter alternative would be most helpful for example an offering of 1 hour for £3 would be beneficial to lots of parents.	12/21/2023 4:41 PM
41	The newsletter is great but sometimes a little more detail would be helpful for working parents for example sports day there was no time specified or whether it was am or pm and by the time it was added to the news letter on the Friday afternoon this meant it only gave us the day before sports day to ask work for time off. Also I do feel the outside looks like it needs a really good tidy up it's looking a bit messy where you walk round to the class rooms.	12/21/2023 2:20 PM
42	.	12/21/2023 1:45 PM
43	Nothing	12/8/2023 7:52 AM
44	Leadership and how bullying is dealt with especially when parents are moaning at me when I go to school when it's happening to my child.	12/5/2023 3:19 PM
45	Spelling on social media and newsletters	12/1/2023 5:58 PM
46	I feel like the school do everything they can to tackle any issues, so i don't think any improvement is needed.	12/1/2023 4:06 PM
